

# Boulevards 2013-2014

---

I would bet that I say this every year, but each year just keeps improving right after the next one. This year was the first time since I have been there we had two of our kids make the decision to turn to Jesus for forgiveness. It was really special being part of such a huge moment in a child's life. Also the chemistry from the staff is just getting better and better as well.

Another exciting part is that we have two of our kids stepping up into youth group this year. It is a bittersweet moment for us. We are excited for them to continue to grow and mature with the other kids in our youth group, but we are going to miss their impact and love for the younger children who look up to them. All in all another exciting and fun year, we are looking forward toward the break this summer and already starting to make plans for next year.
